## **Message from the President**

Hi Members,

For those that attended our first show of the season, we sincerely appreciate your participation. If you were not able to be there, we have three more shows on the calendar that we hope you will make plans to attend.

While all of our shows are fun for me, this one brought a special surprise. During the show on Sunday, the Board of Directors presented me with a silver “Lifetime Achievement” belt buckle. It is beautiful (see pictures later in newsletter) and I can’t wait to show it off. Running this club and our shows it not always easy. There have been plenty of times I wished my love was not of horses but something much smaller and simpler, like raising gold fish. Days like Sunday make it all worth while. Thank you so much members and the Board, it is a nice feeling to be appreciated.....

The 2015 ARHA World Show is coming up fast. Dates are July 5-11<sup>th</sup> at the WKU Ag Expo Center in Bowling Green, KY. ARHA has added a lot of new classes and special competitions this year, with lots of great awards and added monies. It should be a very exciting time and hope some of our Wisconsin members will be able to attend. I know in past years everyone that went had a good time and came home with lots of awards and made Wisconsin proud. But win or not, participating in a world show is a special experience, providing excitement, great competition and lots of fellowship with other lovers of ranch shows. I hope it is something all of our members get to experience at least once. For those WRHA members attending this year, good luck and most importantly – have fun!

Looking forward to seeing all of you at our next shows. Ride safe.

*Susan Hilbrand, WRHA President*

# JOHN AND CAT PARKS HORSEMANSHIP CLINIC

John and Cat Parks have helped hundreds of riders understand how their horses think and learn, how to be safer with their horses, and how to control their horse's feet. They have worked with riders and horses with a broad range of ability and knowledge: beginning adult riders, high school rodeo teams, college equestrian teams, professionals, green horses, and successful performance horses. Cat is a former University equestrian team coach, working to improve equitation and efficacy for both English and Western riders. John has a special talent for helping riders develop softness at any level, with green colts to finished horses. Some clinic topics include: more effective rider position, developing softer aids, better stops, canter departures, lateral work, improving the backup, understanding spooking, and barn sour/buddy issues. Individual questions are addressed in each clinic.
